Навчально-методичний комплекс складається з чотирьох частин: пояснення вживання слів, вправ, індексу та ключів. Чітко проілюстровані пояснення труднощів із вживанням певних слів англійської мови, добре розроблена система вправ з ключами сприяють запобіганню найбільш типових помилок студентів в іноземному мовленні.

Навчально-методичний комплекс розрахований на широке коло читачів. Він призначений для студентів перекладацьких відділень та філологічних факультетів університетів, аспірантів, усіх, хто вивчає англійську мову.
